

refrigerator for 2 years! It took almost 3 years from the time we saw him and a case worker in Georgia that didn't know either us or this little guy, but in September of 2002, Dakota came home. While in Texas picking Dakota up from his foster home, Rick heard a noise from a back bedroom of the home and went to investigate, he came back into the room with our next son in his arms, Delarion. He came home in September 2003.

Our children have changed our lives in many ways. Our world consists of therapists, special education and doctors. Our van could find its own way to Salt Lake and Primary Children's Hospital. We are on a first-name basis with doctors and nurses there and in Idaho Falls at Eastern Idaho Regional Medical Center. From February to November of last year, our children had 9 surgeries and countless procedures that enable them to function as best they can. We had 3 surgeries scheduled in September. Our days are filled with medications, tube feedings, diapers, bottles, wheel chairs, leg braces, glasses, hearing aids and, above all, miracles. It is so humbling to watch these children overcome the obstacles in their lives. Nothing seems to stop them; they have more determination than all of us put together. We remember a Monday night a few years back when, as Tina sat in a chair in our living room holding our 5 year old daughter Zoe, Zoe reached over to the end table and picked up her bottle put the nipple in her mouth and took a drink. We cried. This was a little girl who doctors told us to walk away from, a little girl born with only half a brain, that specialists said would only eat and sleep the rest of her life. At the age of 3, she started playing songs on the piano, by ear because she is blind, with her left hand because her right one doesn't work; a little girl who can scoot on her behind across the floor with amazing speed; a little girl who sings country music, says her ABC's, and counts to 22. These are the miracles in our lives—a little boy born weighing just one pound whose mother was found lying unconscious on the ground in a hospital parking lot, a little boy so tiny that he was thought to be a girl for the first month of his life, a little boy who at the age of 4 would never walk or talk, who now, at the age of eight, runs up to us, puts his little face to ours and says, I want to take a bath. These are some of the reasons why we do what we do . . .

Rick and Tina are more than deserving of the distinguished honor of 2007 Angels in Adoption. Their daily challenges are much more than most of us could imagine, let alone choose to experience at any time in our lives: they have chosen to become parents to children with disabilities including quadriplegic spastic cerebral palsy, blindness, vision impairedness, hearing loss, auditory neuropathy, traumatic brain injury, fetal alcohol syndrome, reactive attachment disorder, attention deficit disorder and genetic optic nerve atrophy. They are selfless examples of a loving commitment of time, energy and resources. Perhaps most difficult, but most rewarding as well, they have committed their hearts and emotions to children in need. The Betzers humble us with their actions they are the angels in their children's lives and examples to us all.●

CONGRATULATING THE UNITED STATES WOMEN'S GYMNASTICS TEAM

● Mr. HARKIN. Mr. President, one of the great joys of my job as a Senator is the opportunity to recognize exceptional people. I would like to take this opportunity to recognize seven exceptional people: Ivana Hong, Nastia Liukin, Samanthan Peszek, Alicia Sacramone, Bridget Sloan, Shayla Worley, and Shawn Johnson. These young ladies make up the U.S. women's gymnastics team.

In September of this year at the World Artistic Gymnastics Championship in Stuttgart, Germany, the U.S. women's team won a total of four gold, two silver, and one bronze medal, placing them first overall in the women's team competition. I congratulate the members of this team, their coaches, and families on their success and for their exemplary representation of our country.

As an Iowan, I would like to recognize a particular member of the U.S. women's team, Ms. Shawn Johnson of West Des Moines, IA. Ms. Johnson won the all-around women's gymnastics title at the 2007 World Artistic Gymnastics Championship. With this great achievement, she became just the fourth U.S. woman ever to win a world all-around title.

Receiving such a title takes incredible talent and athletic ability. But, without a doubt, it also takes a lot of hard work. At the age of 3, Ms. Johnson began her gymnastic training at Chow's Gymnastics in West Des Moines, IA, where she continues to train today. As a result of years of hard work and training, she has competed and won at progressively higher levels of competition. In 2006, she won the U.S. Junior National Championship; in 2007, the Visa National Championships and the Pan American Games, where she won four gold and one silver medal. Next, Ms. Johnson will be competing for a spot on the U.S. women's gymnastic team at the 2008 Beijing Olympics.

I extend my sincere congratulations to the U.S. women's gymnastics team on their success and I wish them luck on their future endeavors.●

HONORING MIKE KURLE

● Mr. JOHNSON. Mr. President, today I want to pay tribute to Mike Kurle, who retired earlier this year as the longtime manager of the West River/Lyman-Jones Rural Water System. I have worked with Mike for nearly my entire congressional career and value his friendship, professionalism, and typical South Dakota steadfastness. I know that Mike and his wife Marlene are looking forward to being able to travel a little more and spend some time with their children who are scattered across the country. However, I want to take a few minutes and explain to the Senate the role Mike played in

bringing reliable supplies of drinking water to the towns and ranches of western South Dakota.

As manager of West River/Lyman-Jones, Mike guided one of the four local project sponsors that constitute the Mni Wiconi Rural Water System—one of the largest Federal drinking water projects constructed in the last 30 years. Mike managed the project practically from the beginning and over the past 16 years has always put first the interests of the communities, ranches, and farms served by the system. On Mike's watch, 2,200 rural customers now receive reliable drinking water piped hundreds of miles from the Missouri River. The towns of Philip, Presho, Kennebec, Murdo, White River and, very soon, Kadoka benefit from the Mni Wiconi project. Mike has overseen Federal transfers in excess of \$55 million and constantly delivered good value and on-time performance from contractors. Most importantly, Mike is someone that could be trusted and he worked well with the system's three other sponsors—the Oglala Sioux Tribe, Lower Brule Sioux Tribe, and Rosebud Sioux Tribe. The project is a collaboration between the area's American Indian tribes, the Federal Government, and the western South Dakota communities in Lyman, Stanley, Jones, Mellette, Jackson, Haakon, and Pennington counties. Mike spent countless hours on the road traveling from one project sponsor meeting to another and on the phone and in Washington, DC, meeting with Bureau of Reclamation officials and the South Dakota congressional delegation to keep the project on track. Because of Mike's good work, the project is close to the finish line with about 70 percent of the system in the ground and delivering water to thousands of residents. These are all great goals and accomplishments.

So, in closing, I want to thank Mike Kurle for his service and professionalism and most of all friendship and guidance over these many years. I know that Mike can't stay away from the West River/Lyman-Jones office forever but hope that he can enjoy moving at a slower pace knowing that future generations will be well served by his efforts.●

HONORING PENOBSCOT BAY MEDIA, LLC

● Ms. SNOWE. Mr. President, today I pay tribute to a small company in my home State of Maine, run by a female service-disabled veteran, that has made remarkable strides in the information technology industry, and particularly in robotics. Penobscot Bay Media, LLC—known to most as Pen Bay Media—is headquartered in Camden, on Maine's beautiful coast, where it specializes in the development of information visualization solutions by using geographic information systems, GIS, interactive distance learning, and other similar technologies. For example, Pen Bay has developed a type of

robot that has the capability to detect environmental hazards, thereby protecting first responders and potentially saving lives.

A retired Navy officer who served in Vietnam, CAPT Ann S. Yahner helped found Pen Bay Media in 1999, along with current partners Stuart Rich, David Berez, and her husband Frank, a retired U.S. Marine. Today, Mrs. Yahner serves as president and general manager. I will never forget when, in response to her concerns over a "brain drain" in Maine, Mrs. Yahner sent a letter to MG John Libby, the adjutant general of the Maine National Guard, offering to employ qualified returning veterans from combat in Iraq and Afghanistan at Pen Bay. Overall, Pen Bay employs 28 people, and has nearly doubled its workforce since the beginning of 2006. Mrs. Yahner's determination to hire and partner with veterans is a solid example of the kind of consistent opportunity we need to extend to those who protect us so admirably.

Pen Bay Media has a long history of successful project experience with government clients. It is one of 45 prime companies in the United States, and the only New England company to be awarded the Veterans Technology Services Government-wide Acquisition Contract. As a result of this esteemed designation, Pen Bay Media will be eligible to compete for a share of contracts worth \$5 billion over the next 10 years. In addition, Pen Bay has received countless awards and accolades since its inception. Most recently, the Environmental Systems Research Institute, ESRI, honored Pen Bay with its prestigious Special Achievement in Geographic Information System's award. For embracing GIS technology through its work with the New York City Bureau of Environmental Sciences and Engineering, ESRI recognized Pen Bay for its "extraordinary contributions to our global society." According to ESRI, Pen Bay stood out from more than 300,000 organizations worldwide that use GIS software to enhance its clients' safety.

In its 8 years of operation, Pen Bay Media has excelled, finding a creative niche within one of the Nation's fastest-growing industries. What makes Mrs. Yahner's accomplishments all the more impressive is that, according to the Small Business Administration, only 32 percent of disabled veteran business owners are women. Ann Yahner's courageous military service and tremendous contributions to small business are commendable and a great lesson that we can all succeed. I thank Ann Yahner and everyone at Pen Bay Media for the crucial work that they do, and I wish them continued success and prestige in the years to come. ●

MESSAGES FROM THE HOUSE

At 3:21 p.m., a message from the House of Representatives, delivered by Mrs. Cole, one of its reading clerks, announced that the House has passed the

following bill, in which it requests the concurrence of the Senate:

H.R. 928. An act to amend the Inspector General Act of 1978 to enhance the independence of the Inspectors General, to create a Council of the Inspectors General on Integrity and Efficiency, and for other purposes.

The message also announced that pursuant to 44 U.S.C. 2702, and the order of the House of January 4, 2007, the Speaker reappoints the following Member on the part of the House of Representatives to the Advisory Committee on the Records of Congress: Mr. Joseph Cooper of Baltimore, Maryland.

At 4:23 p.m., a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that the House has agreed to the following resolution, in which it requests the concurrence of the Senate:

S. Con. Res. 49. Concurrent resolution providing for a conditional adjournment or recess of the Senate.

The message further announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 2740. An act to require accountability for contractors and contract personnel under Federal contracts, and for other purposes.

H.R. 3246. An act to amend title 40, United States Code, to provide a comprehensive regional approach to economic and infrastructure development in the most severely economically distressed regions in the Nation.

H.R. 3648. An act to amend the Internal Revenue Code of 1986 to exclude discharges of indebtedness on principal residences from gross income, and for other purposes.

MEASURES REFERRED

The following bills were read the first and the second times by unanimous consent, and referred as indicated:

H.R. 694. An act to establish a digital and wireless network technology program, and for other purposes; to the Committee on Commerce, Science, and Transportation.

H.R. 928. An act to amend the Inspector General Act of 1978 to enhance the independence of the Inspectors General, to create a Council of the Inspectors General on Integrity and Efficiency, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

H.R. 3246. An act to amend title 40, United States Code, to provide a comprehensive regional approach to economic and infrastructure development in the most severely economically distressed regions in the Nation; to the Committee on Environment and Public Works.

H.R. 3432. An act to establish the Commission on the Abolition of the Transatlantic Slave Trade; to the Committee on the Judiciary.

H.R. 3527. An act to extend for two months the authorities of the Overseas Private Investment Corporation; to the Committee on Foreign Relations.

H.R. 3540. An act to amend the Internal Revenue Code of 1986 to extend the funding and expenditure authority of the Airport and Airway Trust Fund, and for other purposes; to the Committee on Finance.

H.R. 3648. An act to amend the Internal Revenue Code of 1986 to exclude discharges of indebtedness on principal residences from gross income, and for other purposes; to the Committee on Finance.

MEASURES PLACED ON THE CALENDAR

The following bill was read the second time, and placed on the calendar:

H.R. 2828. An act to provide compensation to relatives of United States citizens who were killed as a result of the bombings of United States Embassies in East Africa on August 7, 1998.

The following bill was read the first and second times by unanimous consent, and placed on the calendar:

H.R. 1154. An act to award a congressional gold medal to Michael Ellis DeBakey, M.D.

MEASURES READ THE FIRST TIME

The following bills were read the first time:

H.R. 2740. An act to require accountability for contractors and contract personnel under Federal contracts, and for other purposes.

S. 2152. A bill to amend title XXI of the Social Security Act to reauthorize the State Children's Health Insurance Program through fiscal year 2012, and for other purposes.

ENROLLED BILLS PRESENTED

The Secretary of the Senate reported that on today, October 4, 2007, she had presented to the President of the United States the following enrolled bills:

S. 474. An act to award a congressional gold medal to Michael Ellis DeBakey, M.D.

S. 1612. An act to amend the penalty provisions in the International Emergency Economic Powers Act, and for other purposes.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC-3546. A communication from the Under Secretary of Defense (Personnel and Readiness), transmitting, a report on the approved retirement of Vice Admiral Ronald A. Route, United States Navy, and his advancement to the grade of vice admiral on the retired list; to the Committee on Armed Services.

EC-3547. A communication from the Chairman, Securities and Exchange Commission, transmitting, pursuant to law, an inventory of the Commission's activities for fiscal year 2007; to the Committee on Banking, Housing, and Urban Affairs.

EC-3548. A communication from the Director, Executive Resources Management Division, Department of Energy, transmitting, pursuant to law, the report of action on a nomination for the position of Assistant Secretary (Congressional and Intergovernmental Affairs), received on October 2, 2007; to the Committee on Energy and Natural Resources.

EC-3549. A communication from the Assistant Secretary of the Army (Civil Works), transmitting, pursuant to law, a report relative to a navigation improvement project for Haines, Alaska; to the Committee on Environment and Public Works.

EC-3550. A communication from the Principal Deputy Associate Administrator, Office of Policy, Economics and Innovation, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Mercury Switches in Motor Vehicles; Significant New Use Rule" ((RIN2070-AJ19)
